

**Trương Thị Thủy Tiên** is in grade 7 at Cơ Sở Chánh An Middle School – Vĩnh Long. Her parents are migrant workers who live far away. Thủy Tiên and her younger sibling used to live with their grandmother who is 80 years old. A storm destroyed the home Thủy Tiên and her sibling shared with their grandmother. The two now live with an uncle temporarily. When she is not studying, Thủy Tiên helps her uncle and aunt by weeding the garden. Recently, an accident caused her mother the loss of movement in one arm and her ability to work. Without a scholarship from Savice, Thủy Tiên would have had to give up her studies. When news of sponsorship from Savice reached her, Thủy Tiên was so happy she cried. She promised she will make every effort to persevere in her studies to show her gratefulness to the donors, fundraisers, and members of Savice.
